

CABLE GLANDS

# A2 Brass Cable Glands

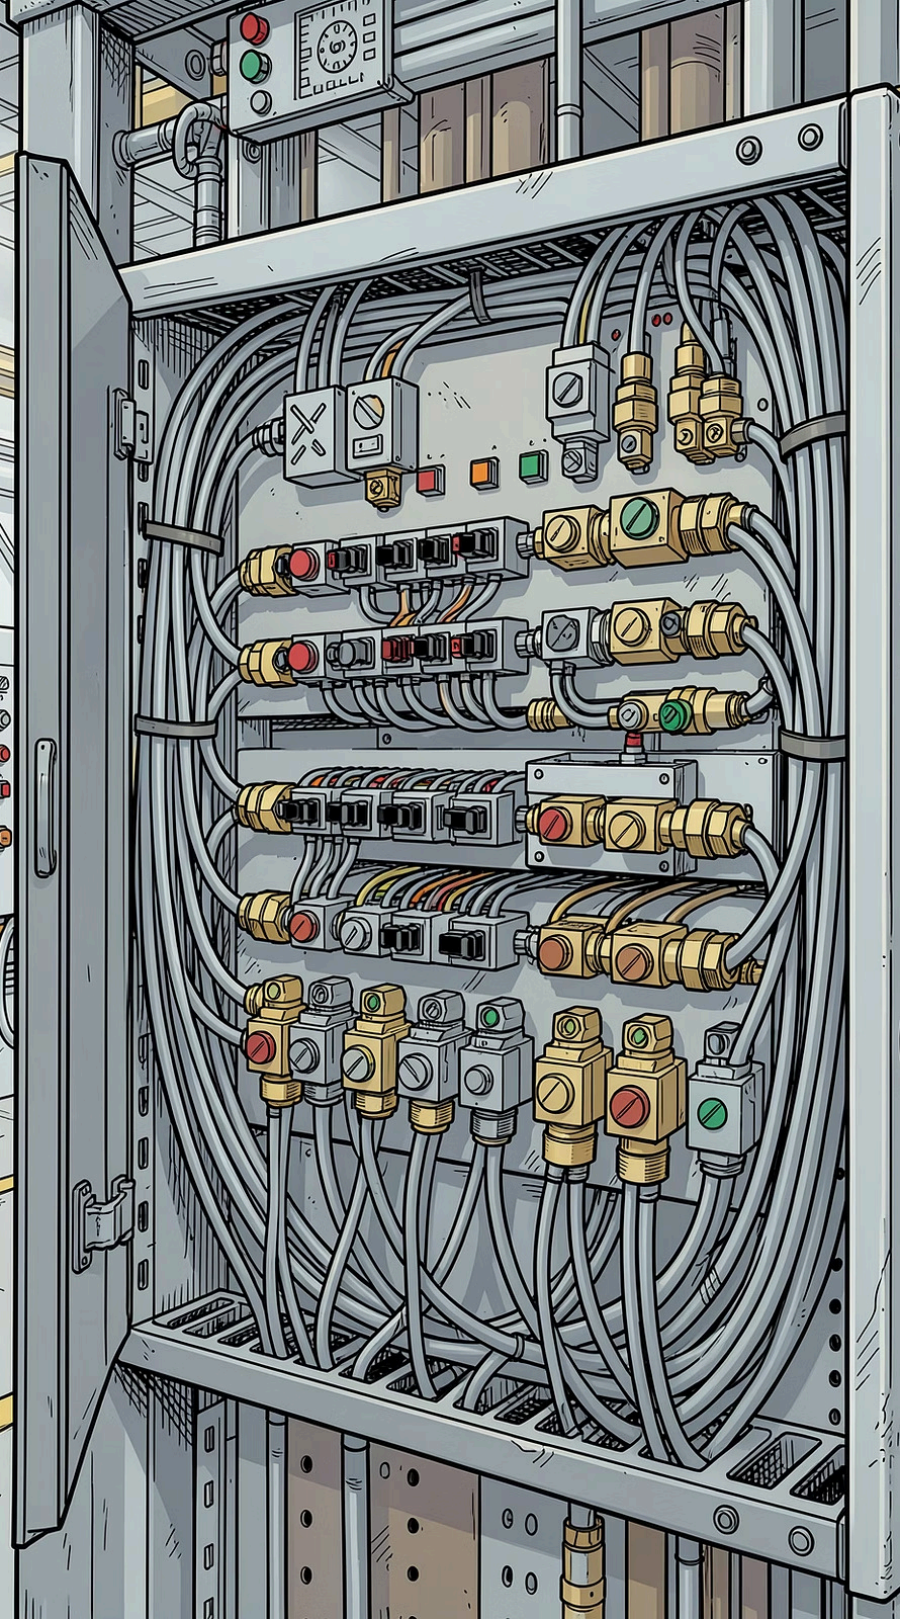

Securing Industrial Integrity

**Precision-engineered sealing solutions** that protect critical infrastructure in the most demanding industrial environments – from manufacturing floors to offshore installations.

Discover the full range of **certified A2 brass cable glands** at [Cabex India](#).

Made with GAMMA

# The Hidden Guard of Industrial Infrastructure

## Critical Sealing

A2 glands deliver reliable single compression sealing for unarmoured and braided cables in demanding environments.

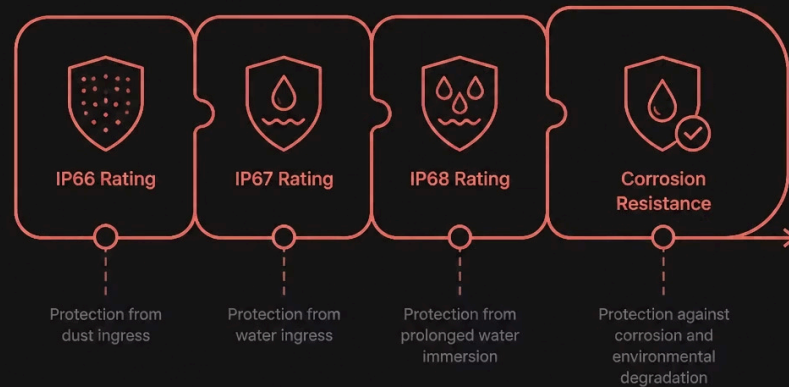

## Environmental Defence

Defends against dust, moisture, and corrosive elements, preventing catastrophic equipment failure and costly downtime.

## Operational Continuity

Ensures uninterrupted performance across factories, processing plants, and offshore rigs – anywhere reliability is non-negotiable.

# Engineered for Extreme Performance

## Ingress Protection

Achieves industry-leading **IP66, IP67, and IP68** ratings, guaranteeing robust protection against high-pressure water jets and continuous submersion in demanding outdoor and marine environments.

## Premium Brass Construction

Robust brass body delivers superior mechanical durability, with optional **nickel or chrome plating** for heightened resistance to corrosive and chemical exposure over extended service life.

## Precision Rubber Seals

Engineered rubber sealing rings ensure a firm, reliable grip on the cable – maintaining a consistent watertight seal in both indoor and outdoor installations.

# Global Standards and Compliance

## International Benchmarks

Engineered to meet stringent global standards including **IEC 62444**, **BS 6121**, and **EN 62444** for universal specification compliance.

## Hazardous Zone Certified

Certified for explosive atmospheres with **ATEX** and **IECEx** compliance, safeguarding against ignition risks in volatile industrial settings.

## Verified Quality

Rigorous testing guarantees seamless project approvals and full legal adherence across worldwide regulatory jurisdictions.

# Why Partner with Cabex India

15+

Years of Expertise  
Industry-proven  
experience

100%

Compliance Assured  
Internationally certified

No.1

Trusted Provider  
High-performance  
solutions
